 - Computer labs are routinely used throughout the year for items such as Acuity Testing and ECA testing. In the past some of our labs were even booked for testing requirements from the middle school. Since we know the dates of major testing similar to the AP window, guidance should block out all testing windows as near to the beginning of the year to avoid conflicts with teachers needing to use the computer labs. That information should be then displayed in each lab's sign-out sheet.
5. Good of the Order
6. Next regular meeting: December 16, 2013 @ 3:00 p.m.
